

CALFED/ADAPTIVE MANAGEMENT NETWORK

WORKSHOP ON ADAPTIVE MANAGEMENT

SACRAMENTO, CA, JULY 11, 2001

Objectives of the Workshop

- ❖ To develop a *better understanding* of adaptive management:
 - its range of meanings and uses
 - key barriers
 - lessons from experience about how to be effective

- ❖ To focus on the real world challenges involved in implementing adaptive management *at the project level*, and build familiarity with a *set of strategies* for dealing with them

- ❖ To identify *strategies to overcome institutional and policy barriers* in order to improve the effectiveness of on-the-ground adaptive management efforts.

- ❖ To *foster relationships* between CalFed staff and individuals dealing with adaptive management in other contexts.

- ❖ To be as *active and interactive* as possible
